

# NATIONAL INDUSTRIAL SCALE ASSOCIATION

March 29, 2021

Dear Members:

All of us at NISA sincerely hope you all are healthy, and your businesses are busy! We would like to inform the membership of our recent decisions during our last Board of Directors meeting on March 17<sup>th</sup>.

We have been planning and looking forward to a virtual conference for the past year. We have definitely had our trials and difficulties during our planning of this virtual technical conference. There has been a consistent battle for participation for speakers and participation within the membership. We have not had a lot of members commit to participating in viewing the online presentations. Therefore, we have decided to forego this year's 2021 Spring Technical Conference and move everything to the Fall 2021 Technical conference, in person. For any company or person that has sponsored the Spring 2021 Technical Conference, your monetary donations will be used for the Fall 2021 Technical Conference and we thank you for those donations.

The NISA/AREMA Fall 2021 technical conferences will be held consecutively starting on Sunday, October 17 through Tuesday, October 19 in Fort Myers, Florida at the Crowne Plaza Hotel, as originally planned. We will resume our traditional schedule, where AREMA will meet on Sunday afternoon and Monday morning followed by the NISA conference starting on Monday afternoon and concluding on Tuesday. The NISA conference Program Schedule, which will include the detailed list of events and times, will be sent to all members when it is finalized.

Rooms will be available to any NISA/AREMA members that wish to arrive early on Saturday October 16<sup>th</sup>.

Until we meet in person this Fall, on-behalf of NISA/AREMA, we wish all of our members a healthy and prosperous Spring and Summer seasons.

Sincerely,

*Ryan Garnhart*

Ryan Garnhart
